

My understanding is that there is proposal to allow new LPFM stations to take priority over current FM translator service. My family and I listen to KLOVE in our local area through an FM translator station. Should the proposal be allowed this may well put KLOVE "off the air" only to be replaced by an LPFM station that could have very conflicting format to that of KLOVE. KLOVE serves us by providing good quality "Christian" format music and wholesome points of view that I am not afraid to have anyone riding in my car, or listening at home, hear for fear of some DJ leaning towards the likes of Howard Stern. I feel KLOVE has a format that serves the community's best interest and would ask that you consider legislation to allow such stations to remain on the air. Thank you in advance. Joshua 24:15
